

# The Giver Character Web

Using one of the MAIN characters you are going to

Create a poster.....**NO**

I have discovered something better!!!

“What did he just say?”

Yes, I said, “Glogster”. It’s a mashup tool. It’s a tool we can use online that allows us to add multi-media to a traditional poster. You can add: pictures, text, music, video.

Good Characterization contains these four points:

- (1) showing or describing appearance,
- (2) displaying or relating actions,
- (3) describing the character's thoughts,
- (4) describing the reactions of others

1. Answer the four points that make good characterization in an interesting and persuasive manner using the glogster online application. People will want to read the novel after seeing **YOUR** project. (4 marks)

4 (Wow)	3 (Very Good)	2 (alright)	1 (What???)
Questions are answered thoughtfully, completely and in a manner that keeps people interested and wanting to change!	Thoughtfully and completely answered in an engaging manner.	Everything was answered. 'Nuff said!	Ummm....did you read the assignment?

2. Use prior knowledge and info from the novel in your mashup. Use what you’ve learned in ELA! (vocabulary, ideas, etc....) (worth double!!! 8 marks)

8 (Wow)	6 (Very Good)	4 (alright)	2 (What???)
Questions are answered thoughtfully, completely and included tons of information that we’ve learned! From the novel, notes, research and discussions.	Thoughtfully and completely answered with information cfrom the novel textbook,	Everything was answered and some info was included.	Ummm....did you know this was ELA?

3. Make it pretty....Make it yours...go beyond the clip art and try something unique! (4 marks)

4 (Wow)	3 (Very Good)	2 (alright)	1 (What???)
A ton of attention was paid to the design. Everything flows and is connected. You went beyond what was asked.	Looks good! You have some original elements.	Some elements were connected, but some elements were distracting.	Ummm....which way is up?

**We have till the end of Wednesday’s class to work on it. It must be done before Friday...You need into the lab talk to me!!!**
